9 × US$10k
international onboarding deals I closed personally

15+
more onboarding deals I supported, each with recurring revenue

8
countries with clients, from Canada to South Korea

US$8M+
group revenue in 18 months

5 → 1
outreach channels into one CRM, built single-handedly

25
people led across operations, marketing & sales, and tech

SUMMARY

I sell payments and banking infrastructure internationally. As Head of Operations at a fintech group that brought in US$8M+ in 18 months, I personally closed 9 payment-gateway onboarding deals at US$10k each, supported 15+ more, and sold to founders and senior decision-makers in 8 countries. I also built the outbound engine and CRM that fill the pipeline, so I know every step from first touch to signed deal. I'm studying a Bachelor of Business in Melbourne until 2028 and want a hands-on part-time business development or sales role.

EXPERIENCE

Head of Operations (Business Development & Partnerships)

Apr 2026 – Present

Royal Bank Pacific · RBP Finivis · MEGO Forex — Remote, Melbourne

SALES & PARTNERSHIPS

- **Personally closed 9 payment-gateway onboarding deals at US$10k each** and supported 15+ more, each followed by recurring revenue, with clients in France, Canada, the USA, Malaysia, the UAE, Saudi Arabia, South Korea and India.
- **Sold banking-as-a-service, SaaS subscriptions and a white-label forex platform** to founders and senior decision-makers, matching each prospect to a branded platform or an API integration.
- **Run discovery, demos and follow-up**: map each prospect's needs to the right offer, send a written recap with an agreed next step, and qualify real opportunities into the CRM as hot, warm, qualified or low.
- **Took a new payment gateway to market** with our joint-venture partner Synergy Data Labs (Canada), and supported clients through API integration after signing.

PIPELINE GENERATION

- **Built the multi-channel outbound engine single-handedly**: LinkedIn (Sales Navigator, Evaboot, SBL), Google Maps prospecting (PhantomBuster, 379-query matrix), email (Instantly, Zoho Marketing Automation), WhatsApp (Interakt) and calling. Interested leads route automatically to sales for a demo.
- **Moved the whole organisation onto Zoho One** and designed the end-to-end lead journey: every lead carries its source, stage, owner and next action, giving management and sales a live view of the pipeline.
- **Designed 3 deal pipelines** (B2B white-label, retail forex, agent referrals) **and 4 custom modules** (Cohorts, Agents, Commissions, Payouts) linking every commission to an agent and a deal.
- **Licence-check every institution** against public regulator lists before first contact, and verify every email before sending, so campaigns keep their deliverability.

LEADERSHIP & MARKETING

- **Lead 25 people across three teams**, operations, marketing & sales (10) and tech: hiring, training and setting weekly priorities.
- **Led digital marketing, organic and paid,** across Meta, LinkedIn, X and Google: Instagram 8k to 130k, Facebook 5k to 80k, LinkedIn 15k to 45k and X 0 to 20k, while local SEO brought walk-in customers and calls to our offices.
- **Produced 100+ campaign creatives and AI videos** for two financial brands (Higgsfield, Google Flow, ElevenLabs, ChatGPT, Claude, Canva, Photoshop), every one checked against a written compliance rulebook.

EXPERIENCE, CONTINUED

Business Systems & Operations Manager

Aug 2025 – Apr 2026

Royal Bank Pacific · RBP Finivis · MEGO Forex — Remote, Melbourne

- **Ran discovery and follow-up with prospective B2B clients** in France, Canada, Malaysia and the UAE evaluating SaaS, BaaS and payment infrastructure, sending written recaps with an agreed next step and qualifying real opportunities into the CRM.
- **Led the Zoho One implementation** for an RBI-licensed forex company running three customer journeys (retail, white-label and intern-agent) in one CRM org, with brand-specific layouts.
- **Designed the WhatsApp intern-agent programme** for MEGO Forex: a bilingual (English and Hindi) 5-message Interakt sequence, registration, KYC and entry exam, trainee-to-agent stages in the CRM, and a payout model (gross, TDS, deductions, net).
- **Ran the API integration between Zoho and the corporate website** so enquiries land in the CRM with their full context.
- **Unblocked the CRM rollout with one decision memo** to the Managing Director: eight decisions, each with options and a recommendation. Three were closed the same day.
- **Found and fixed a hidden lead-status fault**: values showed one label but stored another, so reports now count the right stage.
- **Supervised about ten employees and interns** across sales, HR and IT, and recruited and trained new team members.

Intern, Royal Bank Pacific — promoted to manager after three months

May 2025 – Aug 2025

SELECTED PROJECTS

Payment OS and gateway, with Synergy Data Labs — Case study

Joint venture with a Canadian partner: I took the gateway to market and onboarded international clients at US$10k each.

B2B outbound engine — Case study

Finds fintechs, banks and travel, education and immigration firms for the white-label platform. A LinkedIn track plus a local Google Maps track, with every email verified before sending and every institution licence-checked against RBI public lists.

Zoho One: three journeys, one CRM — Case study

White-label partner onboarding (enquiry to activated, seven stages), retail forex orders and intern-agent sales, each pipeline carrying only the stages and checks its journey needs.

WhatsApp intern-agent programme — Case study

Recruitment, onboarding and a sales channel in one: interns register, pass KYC and an exam, refer customers and are paid commission tracked per agent.

AI creative production — Case study

100+ creatives and videos for two brands through one pipeline: brief, compliance check, voice, stills, video, edit and QA, then an asset register for reuse.

SKILLS

Sales	Discovery · demos · qualification · proposals · follow-up · closing · partner onboarding
Products	Payment gateways · banking-as-a-service · SaaS · forex and remittance · API integrations · KYC
Outbound	LinkedIn Sales Navigator · Evaboot · SBL · PhantomBuster · Instantly
