28k → 275k social audience across four platforms (~10×)	**8k → 130k** Instagram followers, organic and paid	**100+** campaign creatives and AI videos produced
US$8M+ group revenue in 18 months	**5 → 1** outreach channels into one CRM, built single-handedly	**25** people led across operations, marketing & sales, and tech

SUMMARY

I grow audiences and turn them into customers. As Head of Operations at a fintech group that brought in US$8M+ in 18 months, I led digital marketing across Meta, LinkedIn, X and Google, organic and paid, and grew our combined social audience from 28k to 275k. I produce campaign creative and video with generative AI inside the rules of a regulated industry, and automate the email and WhatsApp follow-up that turns attention into enquiries. I'm studying a Bachelor of Business in Melbourne until 2028 and want a hands-on part-time role in content, campaigns and growth.

EXPERIENCE

Head of Operations (Digital Marketing & Growth)

Apr 2026 – Present

Royal Bank Pacific · RBP Finivis · MEGO Forex — Remote, Melbourne

MARKETING & GROWTH

- **Led digital marketing, organic and paid,** across Meta, LinkedIn, X and Google: Instagram 8k to 130k, Facebook 5k to 80k, LinkedIn 15k to 45k and X 0 to 20k.
- **Ran local SEO and Google search** that brought walk-in customers and phone enquiries to our offices.
- **Art-direct and produce 100+ campaign creatives and AI videos** for two financial brands with Higgsfield, Google Flow, ElevenLabs, ChatGPT and Claude, finished in Canva and Photoshop.
- **Built the production pipeline behind them**: brief and script, compliance check, voice, stills, video, edit and QA, then an asset register so every piece can be reused.
- **Wrote the creative rulebook for a regulated brand**: one message and one call to action per post, licence wording exactly as registered, approved claims only, and written sign-off on any figure.

MARKETING AUTOMATION & CRM

- **Automated email and WhatsApp campaigns** (Zoho Marketing Automation, Instantly, Interakt), with timestamped consent and opt-outs, and every response reported into the CRM.
- **Connected every channel to Zoho CRM** (LinkedIn, email, WhatsApp, calling and the website) so the team can see which campaign produced which lead and which deal.
- **Built the multi-channel outbound engine single-handedly**: LinkedIn (Sales Navigator, Evaboot, SBL), Google Maps prospecting (PhantomBuster, 379-query matrix), email (Instantly, Zoho Marketing Automation), WhatsApp (Interakt) and calling. Interested leads route automatically to sales for a demo.
- **Built lead governance into every record**: timestamped consent per channel, first-response SLA, who handled it (AI bot, person or escalation) and lead points for scoring.

LEADERSHIP & SALES

- **Lead a 10-person marketing & sales team** within 25 people across operations, marketing & sales, and tech.
- **Personally closed 9 onboarding deals at US$10k each** with clients in 8 countries, so my marketing is written for what the sales conversation actually needs.
- **Coordinate a joint venture with Synergy Data Labs (Canada)** that built a payment operating system and payment gateway, from requirements through to client onboarding and API integration.

EXPERIENCE, CONTINUED

Business Systems & Operations Manager
Aug 2025 – Apr 2026

Royal Bank Pacific · RBP Finivis · MEGO Forex — Remote, Melbourne

- **Produced two AI campaigns**, one per brand (RBP Finivis and MEGO Forex), plus short-form brand films, from brief to final edit.
- **Designed the WhatsApp intern-agent programme** for MEGO Forex: a bilingual (English and Hindi) 5-message Interakt sequence, registration, KYC and entry exam, trainee-to-agent stages in the CRM, and a payout model (gross, TDS, deductions, net).
- **Rebuilt WhatsApp templates with variables** so Meta approves each once and every cohort reuses it, with bot-to-human handoff logged in the CRM.
- **Led the Zoho One implementation** for an RBI-licensed forex company running three customer journeys (retail, white-label and intern-agent) in one CRM org, with brand-specific layouts.
- **Ran the API integration between Zoho and the corporate website** so enquiries land in the CRM with their full context.
- **Unblocked the CRM rollout with one decision memo** to the Managing Director: eight decisions, each with options and a recommendation. Three were closed the same day.
- **Supervised about ten employees and interns** across sales, HR and IT, and recruited and trained new team members.

Intern, Royal Bank Pacific — promoted to manager after three months
May 2025 – Aug 2025

SELECTED PROJECTS

AI creative production — Case study

100+ creatives and videos for two brands through one pipeline: brief, compliance check, voice, stills, video, edit and QA, then an asset register for reuse.

Social growth across four platforms — Case study

Organic content plus paid campaigns took our combined audience from 28k to 275k, with Instagram alone growing from 8k to 130k.

WhatsApp intern-agent programme — Case study

Recruitment, onboarding and a sales channel in one: interns register, pass KYC and an exam, refer customers and are paid commission tracked per agent.

B2B outbound engine — Case study

Finds fintechs, banks and travel, education and immigration firms for the white-label platform. A LinkedIn track plus a local Google Maps track, with every email verified before sending and every institution licence-checked against RBI public lists.

Zoho One: three journeys, one CRM — Case study

White-label partner onboarding (enquiry to activated, seven stages), retail forex orders and intern-agent sales, each pipeline carrying only the stages and checks its journey needs.

SKILLS

Marketing	Meta (organic and paid) · LinkedIn · X · SEO · content calendars · campaign compliance
